THE NEAR EAST RELIEF CAMPAIGN.

Miss Beth Higgins, State director of the Near East Relief work, is issuing appeals to Kentucky people to do their part in coming to the rescue of Armenia, whose population is fast thinning because of lack of food, clothing and medicines. She points out that Armenia is the oldest Christian nation on earth, and that centuries of cruel persecutions by the Turks have not broken the little nation's faith; that a quarter of a million homeless children are dependent for life itself on American philanthropy. "Thousands of little children," she says, "died in Armenia last year because they had no food. Shall we contribute to foreign missions for Christianizing the missions and allow the oldest Christian nation to pass out of existence for want of bread? Near East Relief pleads with you to help save a nation whose only fault has been that it remained true to its faith."

Saturday will be "Tag Day" in the Near East Relief Fund campaign in Bourbon county, if the plans of Mrs. Hiram S. Redman, county chairman, are successful. Contributions amounting to \$700 have already been received, and the indications are favorable for the county reaching its quota of \$2,100. The last report came from the Little Rock Christian church, where a subscription amounting to \$220 was taken. The drive will continue until after Christmas.

The Y. M. C. A. gymnasium will be the scene to-night at 7:30 of a battle between the basketball teams of P. I. McCarthy Council K. of C. of Paris, and the team from the Euie Grass Council, at Lexington. The referee for the Paris team will be Coach Sheffield, of the Y. M. C. A. The Paris team will line up as follows: Henry J. Santen, Jr., center; E. A. Woods and Baldwin Woods, forwards; Frank Santen and E. A. Bophy, guards.

Both teams are reported as being fit and ready for the fray. Paris hopes to be returned on the winning end of the score, and local supporters are of the opinion they will be. The Lexington team is a very strong one, and the game will be one worth seeing. The admission price will be thirty-five cents.

THIEVES ROB CAR

Charles B. Summers, of Flemingsburg, was called to Paris, Wednesday by a message telling that his private painting car, which was standing in the South Paris yards of the L. & N., had been robbed. The thief or thieves broke a lock on the door and secured a lot of food supplies, including about 50 pounds of sugar. The loss was estimated at \$150. The Paris police and county authorities were informed of the robbery and are working on the case, though with no tangible clues to lead them.

According to information received here by Mayor E. B. January, from Grand Secretary Elliott, of the State Grand Lodge I. O. O. F., the campaign for the \$500,000 endowment for the I. O. O. F. Home in progress nicely. Pledges amounting to \$350,000 have already been received and more is in sight.

COMMUNITY CHRISTMAS TREE TO BE PLANNED.

Following a precedent established in this city several years ago, which started the Community Christmas tree idea, and which became at once a success, the Paris Commercial Club, the Bourbon County Y. M. C. A. and the Bourbon County Health and Welfare League, acting in concert, are planning for another event of this character.

At a meeting Tuesday night, attended by Secretary C. B. Harrison, of the Y. M. C. A., Secretary W. E. Hacker, of the Commercial Club and Mrs. Harriet Minaker, representing the Health and Welfare League, tentative plans were formed for Community Christmas tree to be given on Christmas Eve, Friday, December 24, in the Circuit Court room, in the court house. While plans were not fully completed at this meeting, they were given a good start, and will be brought to a full conclusion just before the event takes place.

The object of the Community Christmas Tree is to provide cheer for the children of parents who are unable to provide such and who would otherwise miss the joys of the glad day. Have you noticed in passing the gaily decorated Christmas windows some child standing there, casting wistful and longing glances on the treasures displayed there, feeling they were not for him or her? Have you not wondered that there could be a Christmas without joy and happiness for the poor children? There are many such in Paris, and the purpose of the Community celebration is to enable these unfortunate to be remembered on this day when others are being made happy. "Even as ye do it unto one of these so ye do it unto me," were the words of the Master.

Those generously inclined are asked to contribute gifts suitable for children, to be placed on the tree Christmas Eve. These little remembrances will make some "kiddies" heart glad and make the giver feel better, too.

SUCCESSFUL ART EXHIBIT AT CITY SCHOOL.

The art exhibit of prints from famous old paintings, held at the City School, was one of the most successful and well-attended affairs of the season. The exhibit attracted a large number of visitors and art lovers from all parts of the county. Nearly \$100 was realized, which will be devoted to the purchase of pictures for adorning the halls of the High School building.

The pictures are known as Porter prints, being photo-gelatine reproductions of the world's famous paintings. They are the choice of the world of art and have received the stamp of approval from the greatest critics in the country. These masterpieces were reproduced in various sizes in order to conform to the dimensions of the original paintings. Miss Bessie Evans explained the pictures to the school pupils and visitors.

SOME COON!

Carl Mitchell, of Paris, claims the medal as the champion coon hunter of Bourbon county. A few nights ago while hunting in the North Middletown vicinity, with a party of friends, the dogs treed a bunch of three coons in a big tree.

With the agility of a skilled hunter, Mitchell climbed the tree and shook the animals down to the waiting dogs below. A stiff fight ensued, in which the dogs proved victorious. The largest coon weighed, when dressed, twenty-eight pounds.

BOURBON TOBACCO WAREHOUSE CO. ISSUES STATEMENT

PARIS, KY., Dec. 16, 1920. To The Tobacco Growers of Bourbon County:

The Bourbon Tobacco Warehouse Company wishes to announce that by consent of the market the opening sale of the season will be held at the Old Bourbon House on Tuesday, Jan. 4, at 9 a. m. We will begin receiving and weighing on Dec. 22.

We further desire to announce that we will continue to sell at the same old fees, 2 per cent commission and 15 cents per hundred pounds. This company has consistently stood for these fees for years and we claim to have built up one of the very best markets in the State and to have earned the growers many thousands of dollars by our stand.

We have prospered, and the tobacco growers have prospered, and now that a bad year seems to be staring us all in the face, we think it would be unfair for us to refuse to bear our part of the readjustment to changed conditions by passing the burden on the tobacco growers. We will not do it. We will be on the job as in the past doing our best for every seller at the same old fees.

Very truly yours,
BOURBON TOBACCO WAREHOUSE CO.,
JNO. T. COLLINS, Manager.

The boys having the meeting to charge are planning a large attendance of boys and young men from all over Bourbon county. Only boys 15 and over will be admitted.

Messrs M. Peale Collier, J. G. Metcalfe and Joe Grosche are now additions to the Business Men's Volley Ball class at the Y. M. C. A. All are star performers.

PARIS COMMERCIAL CLUB ACTIVITIES.

The judges in the window display contest, W. C. Dalby, J. W. McDonald and W. E. Hacker, will inspect contest this afternoon, beginning at 2 o'clock and again this evening. The second inspection will be made so that windows can be judged when illuminated, as this is one of the most attractive features of many of them. The contest is attracting no small degree of interest, both from the merchants themselves and the public.

The Board of Directors of the Commercial Club met Tuesday night, and considered many civic problems, including cleaner streets, street illuminating, a new hotel, city playgrounds, city directors, and the need of a county agricultural agent.

A committee composed of Mrs. Owen Davis, Mrs. Fannie Bell Sutherland, John F. Davis and Frank Kiser, was appointed to study the problem of cleaning the streets. E. G. Gorey and William E. Hacker were appointed by President John T. Collins to study the need of a city plan and a zoning ordinance for the city. The directors decided not to direct any effort toward procuring a new hotel at the present time, and also decided that, due to the financial condition of the city, not to insist on additional expenditures for street lighting.

Proposals from directory companies to publish a new directory for Paris were read, but the cost of publication were considered higher than could be realized from the sale of the books.

JUST EIGHT DAYS FOR CHRISTMAS SHOPPING

Attention of shoppers is called to the fact that there are now only eight days in which to do their Christmas shopping. This fact should arouse the prospective purchasers to hasten with their shopping, in order not only to secure a choice selection of gifts which have not been "picked over," but to lighten as much as possible the labors of the accommodating salesmen and saleswomen in the Paris stores.

The home merchants pay taxes in Paris and contribute to every worthy cause in the community. It is therefore only just that the people of Paris and Bourbon county should patronize the home merchants in their Christmas shopping, as well as throughout the year. Let "Trade At Home" be your slogan this Christmas, next Christmas, and in all intervening years. The quality of goods here is as good, if not better, the prices are as low, if not lower, and the service rendered as prompt and as efficient, as may be found in any market in the country.

Let your trademark and your ever-present slogan be "Shop Early and Trade At Home."

BIG SHIPMENT OF AUTO TAGS RECEIVED.

A shipment of 4,800 pounds of 1921 automobile license tags has just been received at the office of County Clerk Pearce Paton. It is absolutely essential that all auto owners should have their new tags before the first of January. For this reason they should call at the office of the County Clerk and prepare for the new year.

DO YOUR SHOPPING EARLY

The glad Christmas season is fast approaching. It is one of the favorite pleas of the newspapers that their readers go to the stores early to make purchases for Christmas presents. The practice of waiting until a day or two before Christmas has nothing to recommend it. It hurts the buyers and sellers.

The buyer gets poorer service in the rush of the later days and the salesmen and saleswomen are worked to the point of exhaustion. Do your Christmas shopping as early as possible.

MILLIONAIRE'S BODY PASSES THROUGH PARIS

Edgar Dodge, multimillionaire automobile manufacturer, and a member of the firm of Dodge Bros., of Detroit, died last week at his winter home in Tampa, Florida, after a short illness. The body, accompanied by members of the family and friends, was taken to Detroit on a special train, over the Louisville & Nashville, passing through Paris at one o'clock yesterday morning. Mr. Dodge's brother, also a member of the firm, died suddenly some time ago at his home in Detroit.

BIG MASONIC DRIVE NEARING AN END.

Members of the Paris Masonic bodies have received information from Judge Allison Holland, of Lexington, concerning progress of the Million Dollar Drive for endowment of the Masonic Widows' and Orphans' Home at Louisville.

The drive has nearly reached a conclusion, according to Judge Holland, who heads the campaign. Approximately \$900,000 of the necessary sum has been raised, and it is confidently expected the remainder will be raised by January 1. Judge Holland stated that no reports had been received from the final appeals which were mailed the latter part of the past week.

If we learn early in life to rule our passions and emotions the more easily will they respond to the dictates of our conscience in later years.

BIG MUSICAL SHOW, COMING TO LEXINGTON SOON

The biggest musical attraction that has invaded this section since pre-war days is now en route from San Francisco and Los Angeles to New York. Theatre-goers in this section will have an opportunity to see this attraction, the Marcus Show of 1920, during its engagement in Lexington at the Opera House, three nights, Christmas matinee, starting Thursday, December 23.

There are nearly one hundred persons engaged. Many of these are the famous Marcus Peaches. There is a special orchestra and it requires a special train of three baggage cars and an equal number of Pullmans to transport the big organization.

Not in years has an attraction made such an unqualified hit on the Coast as that enjoyed by the Marcus Show. But few cities are being visited between the Coast and New York, where the Marcus Show inaugurates its metropolitan engagement early next month.

In commenting on the attraction the San Francisco Examiner of September 21, had the following to say: "A musical revue with a sort of indoor circus tone and liveliness of action, the Marcus Show of 1920, won the approval of an audience that last night filled the Columbia."

"Girls, gorgeous costumes and agreeable comedy are the features, and though it seems to have been the intention of the producers to give an advance impression that the show might engage the attention of the censor, if such an official still be among us, there was nothing to seriously warrant objection."

"Really, it is an astonishing show—that of Marcus, 1920. After all, the girls and costumes, with the vivid and artistic lighting effects and stage pictures, such as The Birth of Venus, are what lend importance to the show. The costumes certainly are daring, and the girls have to be to wear them." (adv)

CENTRAL KENTUCKY GROWERS WILL REDUCE 1921 ACREAGE.

That Central Kentucky tobacco growers intend to reduce their planting for 1921, was indicated by reports received Saturday from the counties of Boyle, Clark, Bourbon, Scott and Woodford. The same sentiment was expressed by growers of Fayette county, who were asked whether they would plant as much next year as they did this season. Some replied that it "depends on the price paid for tobacco this year," but the general tenor of the replies was that the acreage would be considerably reduced, regardless of prices this year, and several growers said they would get out of the business altogether if they could do so and hold their tenants.

From Clark and Bourbon counties only general reports were received, but they were along the same line as the reports from other counties, showing heavy loss in weight and determination on part of growers generally, to reduce their acreage next year to a point at which it can be handled without the employment of expensive outside labor to care for the crop and prepare it for market.

WARNING TO MOTORISTS

Unless the automobile owners of Bourbon county and Paris come to the County Clerk's office and file their applications for license in greater number than they have during the past week or so many motorists will not be able to obtain them in time to place them on their machines by January 1, 1921.

Very recently County Clerk Paton received a large shipment of the 1921 license tags. So far a comparatively small per cent. of the auto owners of the city and county have come forward to renew their licenses and secure their 1921 tags. Unless they are prompt in the future it will be a difficult matter for the Clerk's office to get the tags distributed to the owners in time. The new tags must be placed on machines before the first of the year.

LOCAL WAREHOUSES NOW RECEIVING TOBACCO

The warehouses of the Bourbon Tobacco Warehouse Co. and the New Independent Tobacco Warehouse Co. are now open, and large quantities of the weed is being hauled to the floors to be in readiness for the opening sales after Christmas and New Year's holidays.
It is said the tobacco crop of Bourbon county contains a large amount of very inferior tobacco, which is said to also be the case throughout the Burley district, and that the percentage of good tobacco will weigh up exceedingly light when put on the scales. The two local warehouse companies have six large and well-lighted warehouses, which will no doubt be ample to care for the tobacco from Bourbon and adjacent territory, usually marketed in Paris.

BUTTERFAT AT LOW PRICES

The price of butter fat on the Paris market this week, about forty-six cents, is the lowest offered on the local market for over two years. At this time last year seventy-five cents per pound was being paid for it. Many farmers have begun making butter instead of selling their butter fat, but there is little demand on this market for butter, and it can be bought for forty-five and fifty cents per pound.

RABBIT MARKET SUPPLIED

Rabbits are now plentiful in the local market, selling for twenty to thirty-five cents. There are numerous hunting parties in the county. The bunnies are said to be of a much better quality this season, due to the fact that they have been feeding on a bountiful supply of vegetation, with melon vines and garden truck as side dishes.

KENTUCKY LEAF REPORT NOW READY FOR HOUSE FILING

The report of the Federal Trade Commission on the prices paid in Kentucky tobacco markets last spring practically is completed and will be submitted to the House of Representatives next week, it has been learned. No information as to the nature of the findings will be given out until the report is submitted to Congress.

Representative W. J. Fields, Ninth Kentucky District, who introduced the resolution calling for the investigation, said the only information he had concerning it is that during the summer he was notified that agents of the Commission were investigating in several of the markets. He knows nothing as to the scope of their work.

FRITZI WANTS TO BE FREE AGAIN

Fritzi Scheff, noted comic opera star, divorced wife of the late John Fox, Jr., noted writer of Kentucky stories, has brought suit for divorce against her husband, George Anderson, in New Haven, Conn., charging habitual intemperance.

The daily papers have unjustly given credit to the gay and festive Fritzi for having sent a wreath of mountain laurel, pine cones and mountain flowers to be placed on the grave of her former husband in the Paris Cemetery. The material was sent by Mr. Fox's mother, Mrs. John W. Fox, Sr., of Big Stone Gap, Va.

KEEP KIDNEYS WELL.

Health Is Worth Saving, and Some Paris People Know How To Save It

Many Paris people take their lives in their hands by neglecting the kidneys when they know these organs need help. Weak kidneys are responsible for a vast amount of suffering and ill health—the slightest delay is dangerous. Use Doan's Kidney Pills—a remedy that has helped thousands of kidney sufferers. Here is a Paris citizen's recommendation. Geo. McCandles, Second street, gave the following statement January 17, 1912: "It is some time since I have had occasion to take Doan's Kidney Pills. When I have used Doan's they gave me complete relief, which has proven permanent. My kidneys were inactive and I had backaches. The use of Doan's Kidney Pills put a stop to all the trouble."

On November 12, 1920, Mr. McCandles said: "I don't know of any remedy I can recommend more highly than Doan's Kidney Pills and I gladly confirm the statement I gave many years ago when I recommended them. All I said at that time still holds good."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. McCandles had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

THE RELATION BETWEEN BUILDING AND LABOR

It is labor in the guise of carpenters and masons and others who are making home-building for thousands impossible. There is an evident downward trend in the cost of materials, lumber, cement, brick, etc., but labor stands pat, and those who might build are appalled by the cost of labor calculated in a day's work. If labor worked with the zeal of honest craftsmen in honest work, the day's accomplishment in speed might offset the heavy toll in the cost per hour. But the conscience of labor in the mass seems to have become atrophied. It is no longer how much he can do, but how little; and the old pride in the good work, the self-respect that belonged with an honest day's work honestly done and as far as it could be done, no longer governs the lazy, the inefficient and the trouble makers, who would live as the lilies of the field, are at par with men of real skill and especial knowledge. In figuring the cost of building of any sort of a house in these days, one should begin with the cost of labor, and add to any estimate of before-war times anywhere from thirty to forty cents an hour for every man employed, and remember also to deduct about the same ratio for inefficiency. It is labor that must be awakened to the need of greater production within a given time, if wages are to be maintained and the work of rehabilitating the world, of making life easier for labor and for us all, is to be realized. There are already signs that some wise heads are beginning to see light. Go to it!

NO DECISION UNTIL 1921.

The site for the Daughters of Revolution schools in the mountains of Kentucky will not be settled upon until the next meeting of the D. A. R. State conference, which will be held in October, 1921. The State committee for recommending the sites, of which Mrs. Wade Whitley and Mrs. Charlton Alexander, of Paris, are members, expect to visit several places in the mountain counties in the spring and summer, that they may be fully informed by the time of the State conference as to the wisest plan possible. All the locations mentioned as possible so far are only conjectures, as only one place so far has been visited by the members of the committee.

ART CATALOGS PROPOSED

The Winchester Daily Sun says: "The president of the M. C. Club of this city is in receipt of a letter from Mrs. Frank P. Lowry, of Paris, chairman for the Art Department of the Federation of Woman's Clubs, requesting the names of persons in this city and county having paintings or pieces of statuary 'made by famous painters or sculptors.'"

"It is proposed to publish a catalog of these works of art and their artists and any one having such will please notify Mrs. R. H. Henry, Mrs. Chas. Attersall or Miss Rosa Justice."

NEW ERA APPROACHING IN BUSINESS.

Signs are multiplying that a new era is on the way. In many lines of business the period of "take it or leave it" is definitely at an end. The time is approaching when advertising and selling plans will again demand something more than perfunctory attention. — Printer's Ink.

"WELL, OLD MAN, HOW ARE YOU?"

If Your Blood Is Rich and Red You Say, "Fine"

ENTHUSIASM IS RED-BLOODED

Try Pepto-Mangan If You Feel Weak and Look Pale

Sometimes you are almost down and out. You know you are not really sick, but you have a petered-out feeling. You eat little. You drag along. In the morning you look at your face in the mirror. You feel years older when you see how pale and haggard you are. It is your blood. It needs red corpuscles. Instead of poking along half sick, why don't you try Pepto-Mangan, the blood tonic? It has just the ingredients weak blood needs. With red blood your energy and enthusiasm return. You eat better. You tackle work and achieve. Pepto-Mangan is widely and heartily endorsed by physicians. It is effective and easy to take. It is sold in both liquid and tablet form. The medicinal properties are identical. Sold at any drug store. But be sure to get the genuine Pepto-Mangan—"Gude's." Ask for it by the name and be sure the full name, "Gude's Pepto-Mangan," is on the package. (adv)

WAS OBLIGED TO GIVE UP HIS JOB

Carthage, Mo., Man Gains 24 Pounds On Tanlac, and Is Back On His Job.

"I feel better right now than I have in ten years, and have gained twenty-four pounds in weight, all on five bottles of Tanlac," said W. S. Forrest, 710 Clinton Street, Carthage, Mo. "I had a long-standing case of stomach trouble that had pulled me down until I wasn't able to work at all and had given up my job and I had told my wife I never expected to be able to work any more. Indigestion bothered me day in and day out and my appetite was so poor that I was living on about as near nothing as any man ever did. I had terrible pains across my back and my legs and knees ached nearly all the time. My nerves were all wrought up; I had regular spells of headaches and lost sleep night after night. I fell off in weight and got so weak I couldn't even climb the stairs. But Tanlac has made a well man of me and I am back on the job working every day. My appetite is fine and I have gained so much weight that my friends hardly know me at first sight. The pains and nervousness have all gone and I sleep like a top every night. My experience with Tanlac has been remarkable and I recommend it in the highest terms." Tanlac is sold in Paris at the People's Pharmacy. (adv)

SWIFT & CO.'S WEEKLY PRODUCE MARKET REVIEW

Butter has ruled on the leading markets of the country and prices paid for butterfat have been reduced. The supply of fresh butter is larger than for the corresponding week last year. Receipts of poultry are not as heavy as expected, but this has been offset by a lighter demand in the consuming centers. Surplus dressed poultry has been placed in storage for later use, and this has had a stabilizing effect on the market.

OLDEST UNIVERSITY STUDENT 67; YOUNGEST 15.

Youth and age are blended among students attending the University of Kentucky, the ages ranging from 15 to 67 years. Metcalfe was born April 1, 1905, and will not attain his sixteenth birthday until 1921. He is enrolled in the College of Agriculture. The oldest student, who is taking special work, is 67. His name was not given out.

The youthful ambition of Sir Arthur W. Pinero, the famous English playwright, was to become an omniscient conductor.

SALE OF CHRISTMAS SEALS NOW ON.

A group of handsome young women have been engaged in the past few days making a house-to-house canvass of the city selling Christmas Seals in the interest of the anti-tuberculosis campaign, which is annually waged in the city, county, State and Nation.

The sale of Christmas Seals is conducted every year during the few weeks preceding Christmas. The campaign in Paris and the county is being conducted under the direction of the Bourbon County Health and Welfare League and the Kentucky Tuberculosis Association. All the money derived from the sale of the Christmas Seals will be used for the purpose of fighting the "great white plague." Every Christmas Seal you buy helps to take care of a case of tuberculosis, or to prevent the disease.

People in the cities and towns use these tuberculosis Christmas Seals to a great extent. Nearly everybody uses them to seal their letters during the Christmas and New Years season. The Seals also help make Christmas packages more attractive. It is estimated there are 40,000 cases of tuberculosis in the State every year. Buy Christmas Seals now, and help to fight the most destructive disease known to modern days. Only one cent each may be the means of bringing happiness to some sufferer.

Ambition produces constructive and progressive thought and such thoughts are the parent of determined desire.
